

# Grant Funding

Companies based in Schaffhausen – including new businesses and start-ups – can apply for limited grant funding for innovative projects. Prerequisites for funding include the economic importance of the project for the canton, the maintenance and creation of jobs and the orientation towards supra-regional markets (Art. 5 Economic Promotion Legislation). The aim of the promotion is to strengthen the canton economically and to improve the environment for start-ups.

## 2: Application for grant funding

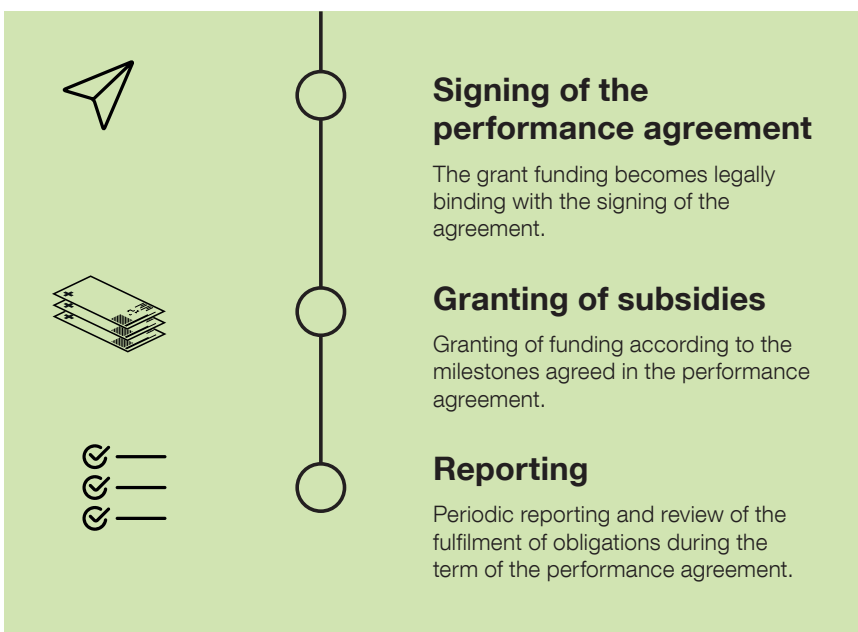

### Required documents

Detailed information is required for an accurate assessment of the project. Please submit the following documents:

- Contact person of the company
- Description of the innovative project (business plan)
- Supplementary documents (e.g. technical assessment by recognized specialist bodies)

## 2: Signing of the contract and start of funding

### Rights & Duties Performance Agreement

The performance agreement is concluded between the Canton of Schaffhausen and the company receiving funding for the duration of the funding period. It governs the rights and obligations of the contractual partners in accordance with **Art. 7 Economic Promotion Legislation**. For the canton these are the funding contributions and for the company, for example, the obligations made within the framework of the innovative project.
